Our President's Message

On Friday, September 14, 2007 we had our first monthly event for the membership which was our Annual ASHE/PSPE/ASCE Picnic and Casino Night at the Lower Allen Township Barn Park. The menu this year included a catered buffet meal of usual picnic food items (hot dogs, hamburgers, potato salad, baked beans, tossed salad with dressings, rolls), some special summer food items (hard shell crabs, steamed shrimp, and steamed clams), and was topped off with an ice cream sundae bar. The picnic was attended by 140 members and their guests, which was one of the largest attended picnic events in our history (and about a 40% increase in attendance from last year's similar event). Congratulations to this years' Program Chair and 1st Vice-President Mike Ryan and his picnic committee for a wonderful time. Mike would like to thank the following individuals in helping to organize and conduct this year's very successful picnic: Rick Poplaski (PSPE – Picnic Committee Member), Carlos Garcia (ASCE – Picnic Committee Member), John Becker (Picnic Committee Member), Two Gals Catering for the picnic foods, Allison Hill Lions Club for the Casino Gambling, Mike Bougher for the golf chipping contest (which Rod Keefer won the closest to the pin), Drew Bitner and Bob Koser for the hard shell crabs and for steaming the shrimp and clams, Leigh Ann Wilson and Julie Flaim for the registration table and scholarship 50/50, Ginny Bitner, Stacy Koser, and Marty Coan for helping to serve the food, and everyone who stayed to help clean-up afterward which helped the clean-up process go much faster.

Some other events that have recently occurred for our membership include: the ASHE Younger Member Focus (YMF) social that was held at the Coliseum in Camp Hill on Thursday, September 20,

2007; and our Fall Adopt-a-Highway litter pick-up for the Interstate 83/2nd Street Interchange in Harrisburg which was held on Saturday, September 29, 2007. Thanks to Dave Snively and Robert Hendricks respectively, for pulling these events together.

Monday, October 1st, 2007 we had our first formal monthly dinner meeting with Gerald M. Kuncio, M.A., of Skelly and Loy, Inc. giving a presentation on Project Keystone: Stone Arch Bridge Management Study. Thank you to Gerald for an informative presentation, and based upon all of the questions that he was asked at the end of his presentation by those in attendance, I believe this indicated our members' satisfaction and interest in this subject. Congratulations Gerald!

Our Program Committee led by Program Chair Mike Ryan is doing an excellent job of putting together a great program for future dinner meetings. Please see the 2007-08 Calendar included within this newsletter or see www.asheharrisburg.org/upcomingevents.htm for more information on the planned speakers, topics, dates, and other upcoming events.

Next month's speaker will be Acting District Executive for PennDOT District 8-0 Scott Christie, P.E., and he will be speaking on the subject of Business Strategies for District 8-0. Please plan on attending this dinner meeting (and get your reservation in early because we expect a large attendance).

Also, if you haven't done so in a while, check out our website at www.asheharrisburg.org. We have added a few new features.

When planning your evening with us, remember to check the Profile for our Charity of the Month and what you can bring along with you to help our cause with these charities.

The Profile is being sent electronically to those members who have email addresses on file with ASHE-Harrisburg Section. Each member is responsible for maintaining his or her e-mail address with the Section. If you have changed jobs, email addresses, or know of any members who did not receive a copy of the September Profile (or even this month's October edition), please ask them to contact Jenni Woodworth, Section Administrator, at 717-975-6481 or jwoodworth@pennoni.com to update their e-mail address.

If you have any suggestions about the Harrisburg Section of ASHE, please contact me at stevekoser@aol.com. I would love to hear from you!

Speaker and Program

Scott Christie, P.E.
Acting District Executive,
PennDOT D8-0

Business Strategies for District 8-0

Scott Christie is currently the Acting District Executive for PennDOT District 8-0. As District Executive, Scott is responsible for Design, Construction, Operations, and Maintenance of all state owned roads and bridges in the eight counties that make up District 8-0. Previously, Scott was the Director of the Bureau of Design for PennDOT. The Bureau of Design is involved in the entire design process by providing surveying and mapping, acquiring consultant services, setting standards, reviewing highway and bridge projects, managing right-of-way acquisition, managing utilities for transportation projects, providing transportation projects for construction contractors to bid on, awarding construction contracts, and providing information technology to support and automate PennDOT's design functions. Previously, Scott held the positions of Chief Bridge Engineer and Assistant Chief Bridge Engineer for the Department. He also served on the AASHTO Bridge Subcommittee and various AASHTO Technical Committees (Steel, Concrete, Culverts, and Computers) as well as many NCHRP Project Panels.

Prior to working for the Department Scott was a design engineer with Modjeski and Masters. As a designer Scott worked on a variety of structure types including Cable Stayed, Suspension, Curved, Prestressed, Segmental, Truss, Girder and Buried structures. During his career at the Department, Scott helped write the Design Manual for structures and managed the effort to introduce LRFD to Pennsylvania.

Scott obtained his Bachelor of Science Degree from the University of Pennsylvania and his Master of Engineering Degree from Cornell University.

What is Canstruction?

Canstruction is a competition that consists of the design and construction of sculptures made entirely of canned food items. Teams of architects, engineers, contractors, designers and students develop a design and then construct the sculpture on the day of the event. The sculptures are judged, a winner selected and an awards ceremony follows.

What is the Purpose?

In short, upon Decanstruction, all the food used to create the sculptures will be donated to Regional Food Banks and Pantries of Central PA. Representatives of Carlisle's Project Share Program are on the Canstruction Committee and will see that the food is used where most needed.

This years ASHE team of Dave Snively, Chris Banner, Jessica Johnson, Crystalann Deardorff and Jen Smith need to raise $2500 to build their "surprise" structure. Please join the fight against hunger and donate to this year's ASHE Canstruction team. Individual and Corporate sponsors will have their name prominently displayed at the ASHE Canstruction structure at the 2008 PA Home Show.

All donations should be made out to Canstruction and mailed to: Pennoni Associates Inc., c/o Dave Snively, P.E., 1215 Manor Drive, Suite 100, Mechanicsburg, PA 17055.

To see pictures or a slideshow of the building of ASHE's 2007 canstruction sculpture, the "Apple iPod Cano," see www.asheharrisburg.org/gallery.htm.

ENTERTAINMENT

ASHE 2008 in Hershey Pennsylvania, **The Sweetest Place on Earth**, will be packed full of events sure to fill your appetite as we celebrate 50 years of ASHE.

On Thursday evening join us at the "Remember When?" ice-breaker reception. Do you remember those warm summer nights going to the carnival with your family and playing games, eating cotton candy, popcorn and snow cones, and seeing the carnival entertainers? This will be a fun relaxing evening to visit with vendors, friends and associates while reminiscing about the much less hectic pace of the past.

Our Friday evening event takes us to the Pennsylvania Auto Museum where we will "Cruise Through Time" touring the Auto Museum, getting your picture taken in a vintage car with a famous movie star and dancing to the sounds of the Greaseband.

Saturday night's "Red Carpet Revue" is sure to be the highlight of your trip to Hershey. Joan Rivers will be greeting you on the Red Carpet with an interview of our very own ASHE "stars" and you're sure to enjoy the classic entertainment planned as we end the conference with a night to remember.

TECHNICAL PROGRAM

50 years of the American Highway System

Transportation: Legislatively Speaking

The discussion topic will be 50 years of transportation legislation and funding reforms. The purpose of the session is to demonstrate how the legislative funding mechanisms have changed over the years and discuss what challenges the future holds for funding sources.

Highway Driven/Industry Driven

A historical perspective of the highway industy will be presented, initially focusing on industries such as coal, steel and concrete. The discussion will begin with the influence that the industry had on the development of roads and will continue to show how the perspective has changed, such that roadway development influences industrial development. Discussions will also include aesthetic and design considerations, as well as the trucking and railroad industry and their impact on the roadway system.

Technical Project and Tour

A technical presentation and tour of a major roadway construction project will also be offered. The project fits into the theme of the history of the roadway system - the purpose of the project is to widen and rehabilitate a major travel way in the area as a result of increased traffic volumes and economic development.

The Century Club is comprised of ASHE members who have made a $200 pledge to support the ASHE Harrisburg Section's activities. Century Club Members are prominently displayed in The Profile up to eight times a year. The Profile is issued monthly to more than 400 Section Members in South Central Pennsylvania. The Profile is also distributed to the Pennsylvania Department of Transportation's Central Office. The Century Club is an excellent opportunity to gain recognition among your colleagues, while actively supporting ASHE. Call Jenni Woodworth of Pennoni Associates, Inc. at 717-975-6481, to make your pledge.
